Pam,

In your email below you indicated that you sent a letter to OSM on July 27th asking for their concurrence on the Willow Creek Prep Plant and Refuse Pile bond release. Past practice has been that you will receive OSM concurrence and then send me a letter stating that the bond release is approved subject to receiving 5 clean copies. Following the delivery of 5 clean copies I then request that you send another letter stating that bond release is granted. My question to you is, can I deliver the 5 clean copies now thereby allowing DOGM to write the first bond release letter without the statement that it is subject to receiving the 5 clean copies? This would speed up the process of bond release by a few days or weeks and with the const of bonds today it is important.

Dennis

They were sent to OSM for their concurrence on July 27. I'll call today and find out how it's coming.

Thanks for the info.

Pam

AM >>>

Pam,

Foundation Coal purchased RAG's U.S. Coal holdings on July 30, 2004.

Thank you for the letter releasing the bond for the Mine Facilities.
What is the status of the Prep. Plant and Refuse Pile bond release letter?

Dennis

Subject: Question

I know you've told me before...when did RAG sell to Foundation Coal?
thanks.
